The Woodford Collection is a hand picked luxurious range of Multi Fuel Stoves and Fireplace packages, designed for modern living but keeping the traditional values of every British home at heart. Our Multi Fuel Stoves are 100% manufactured in England and we have produced some of the highest efficiencies related to fuel consumption on the market.

Our collection of solid Limestone Fireplaces are some of Portugal's finest exports, hand crafted Portuguese limestone with matching hearths and chambers in limestone and honed slate. The selection will truly be a centre piece of elegance and focus for any home.

We can also produce bespoke fireplaces so please feel free to talk to your retailer about your own design.

VERMICULITE BOARDS

Price: £60.84 (25mm)  
Price: £82.68 (30mm)

Grey Limestone – Our unique grey limestone chambers are absolutely stunning and come in a block effect. They are sized to fit nearly every standard fireplace opening but can be cut down easily if required. They come in 4 easy to manage panels, 2 x side panels at 410mm x 900mm and a 2 piece back panel measuring 470mm x 900mm. They are solid grey Portuguese limestone panels with a block effect pattern.

Brushed Limestone – Fantastic looking brushed natural limestone chambers with a block effect. They are sized to fit nearly every standard fireplace opening but can be cut down easily if required. They come in 4 easy to manage panels, 2 x side panels at 410mm x 900mm and a 2 piece back panel measuring 470mm x 900mm. They are solid Portuguese limestone panels with a block effect pattern.

Slate Chambers – Our Quartz, Brown and Riven slate chambers are hand built slate chambers mounted on to a ceramic tile, this gives for an impressive effect and enlightens any fireplace. They come in 4 pieces of 2 x side panels 410mm x 900mm and a 2 piece back panel measuring 450mm x 900mm.

Vermiculite board – Another option is to board the inside of the fireplace with a vermiculite board, it's a Skamol board and is heat resistant. Reeded one side and plain the other you can choose the look you want. The boards are sold individually and measure 997mm x 610mm and come either 25mm or 30mm in depth.

# Masonry and Steel Barbecues

The Woodford Masonry and Steel Barbecues are not just modern architecture for your garden but also a great cooking experience! The optional added sided table gives you extra work space to prepare and serve food from.

# Sorrento Barbecue

The Sorrento masonry barbecue, not just modern architecture for your garden but also a great cooking experience!

The Sorrento Barbecue has a contemporary white & grey colour scheme of sealed white limestone for the main structure with contrasting grey cast cement flue perfect for use with charcoal or firewood. This barbecue includes a metal firebox, with a steel grill (the grill has 4 height settings) and granite tiles behind and below the firebox to protect from overheating.

The Sorrento should look great for years, and if it's appearance becomes „weathered“, it can be easily cleaned and refreshed with a jet wash.

Suitable for use with wood and charcoal. It comes in pieces, is easy to assemble and includes full instructions and fixing cement.

Overall Height: 2020mm  
Overall Width: 1000mm  
Overall Depth: 570mm  
Height to top of shelf: 600mm  
Cooking Area: 520mm x 330mm  
Weight: 450kg  
**Price: £677.16**

# Sorrento Barbecue with side table

The Sorrento masonry barbecue with Side Table, not just modern architecture for your garden but also a great cooking experience! The added sided table gives you extra work space to prepare and serve food from.

The BBQ has a contemporary white & grey colour scheme of sealed white limestone for the main structure with contrasting grey cast cement flue perfect for use with charcoal or firewood. This barbecue includes a metal firebox, with a steel grill (the grill has 4 height settings) and granite tiles behind and below the firebox to protect from overheating.

The Sorrento should look great for years, and if it's appearance becomes „weathered“, it can be easily cleaned and refreshed with a jet wash.

Suitable for use with wood and charcoal. It comes in pieces, is easy to assemble and includes full instructions and fixing cement.

Overall Height: 2020mm  
Overall Width: 1620mm  
Overall Depth: 570mm  
Height to top of shelf: 600mm  
Cooking Area: 520mm x 330mm  
Weight: 580kg  
**Price: £795.96**

We cannot control or regulated the temperature that you use your BBQ, therefore we can offer no warranty on this product.

The granite tiles around the firebox will crack if you over heat your BBQ. The BBQ its self may discolour, crack or warp if you over heat the BBQ it will also discolour, crack or warp if you use the wrong fuel or use wet, green wood that is not suitable. You must use dry or kiln dried seasoned wood for cooking and heating or charcoal, do not use smokeless fuel or house coal.

Cooking temperatures are no different to a conventional oven, so there is no need to have the BBQ roaring or out of control.

# Verona Barbecue

The Verona masonry barbecue, not just modern architecture for your garden but also a great cooking experience!

The Verona Barbecue has a contemporary white & grey colour scheme of sealed white limestone for the main structure with contrasting grey cast cement flue perfect for use with charcoal or firewood. This barbecue includes a metal firebox, with a steel grill (the grill has 4 height settings) and granite tiles behind and below the firebox to protect from overheating.

The Verona should look great for years, and if it's appearance becomes „weathered“, it can be easily cleaned and refreshed with a jet wash.

Suitable for use with wood and charcoal. It comes in pieces, is easy to assemble and includes full instructions and fixing cement.

## Fire & Grill Barbecue

All in one BBQ and patio heater, the Fire & Grill is your one stop solution for cooking outdoors at home and heating in the garden. Perfect for the home or for bars, pubs and restaurants to keep customers warm outside.

**Cooking** – The Fire & Grill has the perfect cooking grill that swings out so you can easily place your food on without getting hot and swings back in. You can use charcoal or wood logs to cook, either work perfectly for a fantastic cooking experience. There are also 2 handy shelves to put condiments on, gloves or other necessary cooking utensils. One shelf swings out from underneath which gives you an extra space that can also be put away when finished with and the other shelf is under the grill so could be used for keeping plates in.

**Heating** – Once the cooking has finished the grill comes off and the shelves go away, you can then add extra 'fuel to the fire' and use the Woodford Fire & Grill for a cosy, convenient heating experience. Allowing you to stay outside for longer on the cooler nights. The Fire & Grill also comes with a spark guard if you need to protect any combustible surfaces the stove may be stood on.

The Fire & Grill barbecue is made of double-sided enamelled steel, with stainless steel elements. The firebox is lined with materials fireproof up to 1250° C, resistant to high temperatures. Because of its construction and composition, the outdoor Fire & Grill barbecue can be exposed to all weather conditions (rain, snow, etc.).

Because of its characteristic design and performance, this Woodford Fire & Grill barbecue will blend right into any space, embellishing your yard or garden. The barbecue's 4 wheels (2 mobile, 2 static) make mobility easy.

Overall Height: 2220mm
